A Combat Pilot

LT. DENNIS J. KUBECKA
Lt. Dennis J. Kubecka, United States Army Air Corps, has just been commissioned a combat pilot at the Eagle Pass Army Air Field.

Lt. Kubecka is expected home on a furlough in a few days. He is the son of Mrs. D. J. Kubecka of Cameron and a brother of Miss Christina and Miss Dorothy Kubecka. Lt. Kubecka graduated at Yoe High School in the class of 1942 and entered the army in 1943. He is 19 years of age.

J. D. NISBETT DIED AT SALEM HOME SUNDAY

Funeral services for J. D. Nisbett, 82, native born resident of Milam county, were held from the church at Salem at 3:30 Monday afternoon, October 16, 1944.

Mr. Nisbett died at his home at Salem Sunday, October 15th, 1944, after a brief illness. Surviving is one daughter, Miss Katie Nisbett who lives in the home at Salem and who has tenderly cared for her father for years. Mrs. Nisbett, wife of the pioneer, died on December 26, 1931, and is buried at Salem.

Funeral services were conducted by Rev. J. A. Adams, pastor at the Salem Church. Interment was made in the Salem Cemetery with the Marek-Bruns Funeral Home directing arrangements.

Mr. Nisbett was born at Davilla in 1862. He had spent his entire life in Milam county. Long a Democrat he was active in the party and until his age interfered he held elections at Salem. During recent years he had been confined to his home due to failing health and advanced age.

When news came that Mr. Nisbett had passed away hundreds of friends in Cameron were sincerely grieved. His life had been an inspiration to many and his influence was large among his fellows because of his fine traits of character, sincerity and loyalty. He made friends because he was friendly. Among the pioneers he was revered for his life and contribution to the world about him.

New Buckeye Hatcher And Incubator to be Installed Rockdale

A new Buckeye streamline hatcher and incubator will arrive next week and will be installed in time to take care of fall business, Frank Haley announces here this week.

The hatcher is a new model, with a capacity of 66,000 and was originally purchased for the Haley Cold Storage and Produce Company at Palestine but due to delay in construction of the Palestine plant, Haley will operate it here this season in connection with the Haley Ice & Cold Storage Company. The Palestine plant will await delivery of another hatcher.

Haley has been in the produce business for the past fifteen years and in Rockdale the past seven years. Thoroughly familiar with the produce business he assures the public the best service to be had.—Rockdale Reporter.

LITTLE RIVER LEVEE TO BE RESTORED HERE

Construction and repairs to levees on Little River which are to be a part of the flood control work on the watershed of the Brazos River, will begin soon in Milam county, it was announced here Tuesday by W. L. Ravenstein, of Galveston, representing the United States Engineering office located at Galveston.

The memorandum covering the proposed work was issued by the War Department.

The levee to be repaired is in the Hefley Improvement District of Milam county about 12 miles Southwest of Cameron, and on the right bank of Little River. Flood damage has been heavy in that area and the river unless harnessed and confined to the old levee flow will take an additional heavy toll of land in the bottoms.

Bids are being called for and contractors here are asked to obtain specifications and give their estimates.

The work to be done under these specifications, said Mr. Ravenstein, consists of furnishing all plant, labor and materials required for the construction of compacted embankment the performance of all incidental operations in connection therewith, and completion of the work as indicated in the drawing, specified therein or authorized in writing by the contracting officer. The work involves repairs to approximately 5000 lineal feet of the existing levee and will aggregate approximately 32,000 cubic yards.

Bids will be opened at the U. S. Engineers Office in Galveston at 10 a. m. Saturday, October 21, 1944.

NEWTON MEMORIAL HOSPITAL ADDS SPACE

The Newton Memorial Hospital announced Thursday that 17 rooms will be added to expand its facilities.

The expansion of the hospital results from demands made by the public who appreciate the service rendered patients. Friends of the institution will be glad to know that the hospital is to have this additional space to care for an increasing number of patients who are constantly using its facilities.

It was announced that construction will begin on Friday.

The Hospital is a non-profit institution. All earnings from its operation are turned back to improvements. No one profits by its operation.

The facilities of the hospital which have been improved and expanded constantly since its founding are available to all doctors. Patients who wish to use the hospital may have any doctor of their choice.

The new rooms, 17 of them, will be modern in every way and the home like atmosphere of this hospital will now be available to many more who need hospitalization.

\$9.00 Cord Ceiling Price Placed on Wood in Milam Co.

At a meeting of the Price Panel of the Milam County War Price and Ration Board on Wednesday night, October 18, a ceiling price of \$9.00 per cord was set for cordwood (4 ft.) in Milam county. The price of \$9 includes delivery to any point in the county.

The ceiling price of \$9 was arrived at by averaging prices that dealers sold cordwood for in 1943 and up to the present time, and the Price Panel feels that this ceiling price will be sufficient to bring out the wood in our county.

November Election Ballots Delivered

Ballots for the November election have been delivered to the office of Homer Nabours, county clerk.

The ballots were printed in the Herald plant. There are 10 thousand of them. The ballot is an 8 column affair and among other things includes three presidential electors of the America First party which is an affiliate of the German-American Bund.

Tuesday was the first day for absentee balloting.

Joe Vrazel of Yarrellton was a business visitor Monday.

Jack Bussa of the United States Army Engineers, has returned from Spokane Washington, where she visited with her husband before he was transferred overseas to the Pacific fighting front. During the time Pvt. Bussa has been in the army Mrs. Bussa has made her home with her parents, Mr. and Mrs. Jim Hartley of Liberty. She is moving to Austin to remain for the duration of the war.

JAPS SAY PHILIPPINE ISLANDS ARE INVADED

Domi, official news agency of the Japanese, said early Thursday that General Douglas MacArthur has returned to the Philippines and that a full scale invasion is in progress.

Washington said: "It would be a logical thing to do." There was no official confirmation that the invasion had begun.

The Japs say that the invasion was made in the Gulf of Leyte and on the island of Suluan. A heavy task force is involved in the undertaking and General MacArthur is in command, said the enemy broadcast.

If the invasion is under way General MacArthur is making good his word. When ordered to leave the Philippines in 1942 by the President he said he would return.

It was said that 270 planes bombed Manila and the air force had carried out large scale operations over the islands.

There was little change on the Western front in Germany. Over 1700 bombers were blasting Germany by daylight.

Robot bombs were falling on Southern Sweden.

The Red Army has begun a large scale push in Czechoslovakia.

NEGRO COUNCILS WILL HOLD COUNTY FAIR

The Negro Agricultural and Home Demonstration Council of Milam county in co-operation with the Cameron Chamber of Commerce have completed plans for a county fair to be held Friday and Saturday, October 27 and 28, in the old Gramar School Building at Cameron.

Seventy classes of farm and home products will be exhibited. These exhibits will be of three types; community booth, individual and educational exhibits. Public schools of the county will co-operate closely in the exhibits with the three vocationalized schools in the county contesting in the educational exhibits. The annual poultry and swine show has been combined with the county wide exhibits.

More than \$100 in cash awards will be given to winners at 4: p. m. Saturday. These prizes have been provided by business men and firms of Cameron. By way of assuring better exhibits approximately ten communities have had or will have community exhibits.

According to C. L. Redus and Marguerite E. Merriwether, Negro County Agents, interest displayed in the several communities points to a successful fair. In spite of this event being the first large scale attempt at a county fair and in spite of crop shortages, the agents believe that the citizens of Milam county will be pleased with the invitation to view the exhibits.

Rousing Film on Mark Twain Comes To Cameron Thursday

Warner Bros.' new thrill-packed film about America's most widely loved humorist, "The Adventures of Mark Twain," which recently completed engagements at advanced prices in two hundred theatres throughout the country, will be offered at popular prices beginning Thursday at the Cameron. Fredric March and Alexis Smith are starred in the Jesse L. Lasky production, which was directed by Irving Rapper.

Every phase of Twain's vibrant adventurous life is depicted in the film. Against a picturesque background in a rapidly changing young country, the photoplay shows Twain as barefooted boy, rafting Mississippi River explorer and pilot, reporter, mining prospector, lecturer, lover and literary light adored by the multitudes.

Cast as "Livy" Langdon, who becomes Mrs. Twain, is lovely Alexis Smith, last seen in "The Constant Nymph," and featured among the outstanding list of supporting players are Donald Crisp, as a literary agent, and Alan Hale, as Steven Gillis, Twain's mining partner. Alan LeMay, Harold M. Sherman and Harry Chandler are responsible for the adaption from the screen play by Mr. LeMay. The music was composed by Max Steiner.

Mrs. Jim Gandy of Hanover visited in Cameron Tuesday.

R. M. HADDOX DEAD FROM HEART ATTACK

R. M. Haddox, 50, died from a heart attack in Hearne at 11 a. m. Monday. Mr. Haddox was a barber in Hearne and with his wife visited in Cameron Sunday in the home of Mr. and Mrs. A. N. Weems.

Mrs. Haddox is the former Miss Lois Weems of Cameron, the daughter of Mr. and Mrs. A. N. Weems.

Funeral arrangements had not been made at the time of going to press with the Daily Herald.

Medical Technicians Wanted; War Film to Be Shown October 25

The work of American women in the Army's program of helping wounded veterans of this war to regain their strength and courage, will be shown in an exclusive War Department film, "To The Ladies," to open October 25th at the Milam Theatre.

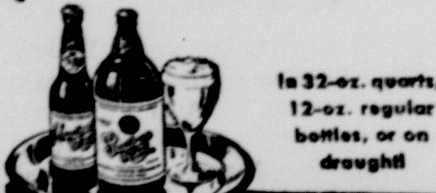

The Surgeon General of the U. S. Army had declared that the characteristics of the American woman—Sympathy, understanding, courage—are prerequisites in the job of restoring the health of the men who are fighting this war. He has asked for 21,000 such women to serve as Medical Technicians in the Women's Army Corps by Dec. 31.

Those already proficient in a medical skill will be sent directly to an

POP McCOY IS WORKING ON BORROWED TIME

Pop built up the best Humble Service Station in his neighborhood and he was ready to turn it over to Bud and retire a couple of years ago. But Uncle Sam had other plans. So while Bud takes care of some serious unfinished business in the South Pacific, Pop's taking care of the folks at home.

It's true—most of the help he used to have and some of the products he used to sell have gone off with Bud to help the fight. But, Pop's doing his best. He knows that no matter how old the cars or how worn the tires, doctors, war workers and lots of other essential drivers have to keep going. He figures it's his job to see that they do.

Even if he can't sell you a thing—Pop's always glad to see you. With a cheerful grin he'll wipe your

windshield, check your tires or give you any of the typical services you expect at Humble stations. He's looking forward to the day when Bud will be back to service that streamlined post war model of yours with newer, finer Humble products than you ever had before.

Tetra-ethyl lead, when added to gasoline, raises the octane number of the gasoline and reduces or eliminates motor "ping." But tetra-ethyl lead has recently become a critical war material . . . so critical that the Petroleum Administration for War has directed all refiners of premium grade fuels to limit their production of such gasoline to one-half the amount pro-

duced during the six months prior to June 1944. This reduces drastically the amount of premium gasoline available to civilians.

Also in the interest of conserving war-vital tetra-ethyl lead, P. A. W. has directed that less of it be used in the manufacture of all Regular gasoline. Consequently the octane number of this product has been reduced from 72 to 70.

So, if your Humble Station is temporarily out of Esso Extra, or if Humble Regular does not perform in your car like it did in the past, please remember that tetra-ethyl lead is really at war . . . just another of those small sacrifices all of us at home are asked to make in the interest of an earlier Victory.

JAPS LIE ABOUT BIG FIGHT SAYS NIMITZ

Admiral Chester W. Nimitz from his headquarters in Pearl Harbor Tuesday said that the Japs have lied about the battle off Formosa in which they claimed to have inflicted heavy casualties on the American force and sunk some 52 ships.

The truth is, said Admiral Nimitz, a portion of the Jap fleet did come out but withdrew. The Japs have run away from every naval task force thus far encountered in the South Pacific.

One Japanese aircraft was sunk and another damaged. In addition 48,000 tons of Jap shipping have been sunk, most of the sinkings occurring in the Harbor of Hongkong.

The United States fleet sustained damage to two surface vessels both of them withdrawing under their own power.

It was revealed that the 14th air force based in China assisted the task force under Admiral Halsey in the attacks on Formosa. The new B-29 bombers have hit Formosa again.

The Germans claimed that a new Red offensive has been launched in East Prussia, also that a new Allied blow is shaping up on the Western front.

The First Army under General

Hodges has taken two small villages near Aachen. Severe fighting is in progress. There was no news from the Third and Seventh American Armies.

Some 1300 heavy American bombers and 800 fighters were over Cologne and Western Germany again Tuesday.

Bascom Giles, Texas Land Commissioner Is Lion Speaker

Bascom Giles, Texas Land Commissioner, was guest speaker at the Lions Club Tuesday.

Mr. Giles has written an interesting history of the Texas public domain. The state, he says, is unique

in that it reserved its public domain and as a result has been able to construct many public improvements and reap millions from oil and other mineral deposits.

Texas was able to develop its vast domain because the state held in reserve its public lands and was in position to encourage railroads and other facilities. The capitol building

which is the 7th largest structure in the world of its type, was made possible through the giving of lands owned by the people of Texas.

The history which Mr. Giles has written is a fine contribution to the current historic literature on Texas' development.

Mr. Giles was introduced by Dan Tyson, close personal friend and City

Secretary and Treasurer, upon whose invitation he came to Cameron for the meeting.

Miss Maurine Hollas who is employed with the Southwestern Bell Telephone Company of San Antonio spent the week end in the home of her parents, Mr. and Mrs. Joe Hollas of Buckholts.

Breakfast Rows
here lately?

Some Roasters Have Adulterated Their Blends

The war is used as an excuse of course. But the war hasn't affected the quality of coffee. Or even the quantity that's imported. The real reason is to "save" on ceiling prices. Cheap, inferior-grade coffees produce a cheap, inferior blend. In most blends it produces a flat, acid-tasting flavor. So don't be alarmed if breakfast rows have recently followed in the wake of serving your regular brand. It's not your family; it's your brand of coffee. Simply switch to Admiration and remove all grounds for crankiness.

Admiration . . Same Today as 25 Years Ago

Admiration Coffee is absolutely unaffected by the war. It is in all respects the same identical blend the Southwest has enjoyed for 25 years. Choice, expensive coffees produce its tempting, delicious flavor, room-filling aroma, and inviting richness. Every pound is like the one last week, next week, or a year from now. The flavor won't vary, even from package to package. If you've had just about enough breakfast griping, buy a package of Admiration today. Then serve it unannounced. Miss Mary Frances White Becomes the Bride of Sgt. Herbert H. Haase of Union City, New Jersey In Home Ceremony in Cameron Saturday

Miss Mary Frances White of Cameron became the bride of Sgt. Herbert H. Haase of Union City, New Jersey, Saturday evening, October 14, 1944.

The ceremony was performed by Judge Jeff T. Kemp, county judge, in the home of the bride's mother, Mrs. Leona G. White at 8 p. m. and in the presence of close relatives and a few invited friends. The bride was given in marriage by her father, J. B. White, editor and publisher of The Cameron Herald. The scene of the double ring marriage ceremony was made beautiful by a wealth of floral decorations and was carried out on lines of simplicity though impressive in detail.

The bride entered the living room of the home on the arm of her father to approach an improvised altar flanked by tall vases of giant mums and chrysanthemums and ferns. The groom was attended by Sgt. Eddie Hiesler of Chicago, Illinois.

The bride was beautiful in an aqua suit and wore a veiled hat with accessories to match. Her corsage was of pink carnations.

Sgt. Haase in uniform of the United States army, wore the insignia of the field artillery, a unit to which he is attached and stationed at Camp Bowie, Brownwood. Sgt. Hiesler, best man, is also stationed at Camp Bowie. Both are expecting foreign service shortly.

The bride was born and reared in Cameron, the daughter of Mrs. Leona G. White and J. B. White, publisher. She graduated from Yoe High School in the class of 1938 and in September entered Baylor College for four years, obtaining her degree of Bachelor of Science in Home Economics in 1942. She began teaching in Rockdale High School and later in Orange High School. At present she is teaching Home Economics in Buckholts High School. Two brothers are in service, Major Thomas J. White, United States Army Air Corps, who recently returned from the European theatre of operations after 15 months in combat

and is now stationed at Lake Charles, La.; and Joe Bill White, United States Navy, who spent two years in the combat area of the South Pacific and who is now attending Naval Officers school at Southwestern University in Georgetown.

Sgt. Haase was born and reared in Union City, New Jersey. He has been in the army for three and a half years, was first stationed in Texas at Camp Hood, arriving there on September 6, 1942, and on March 6, 1944, was transferred to Camp Bowie, Brownwood. During the time he was stationed at Camp Hood and since his tenure of service at Camp Bowie, Sgt. Haase has spent much time in Cameron living in the home of Mr. and Mrs. Henry McLane. He is the son of John Henry Haase of Union City, New Jersey. Before he entered the army at Union City he was engaged in the management of a large grocery establishment.

Immediately following the ceremony a reception was held in the home of Mr. and Mrs. Henry McLane. The wedding occurred on the 22nd anniversary of the marriage of Mr. and Mrs. Gene Muse and on the birthday of Mrs. Jack Vick the former Miss Verna Mae McLane, and the wife of Sgt. Jack Vick, now stationed at Ft. Benning, Ga.

The bride who has been assisting with social activities at the USO in Cameron, and Sgt. Haase who has regularly visited the USO in Cameron for a long period of time, were tendered a second reception at the USO Saturday evening. A special gift, a beautiful blanket, was presented by officials of the USO and the presentation was made by Albert Collins. He said that since Sgt. Haase had been a guest at the USO for the past two and a half years, he wanted to make the gift in remembrance of the happy times and the friendships that have grown from the associations at the hall. He expressed best wishes and good luck.

Late Sunday Sgt. Haase and wife left Cameron for Brownwood where she will remain a few days and will return to Buckholts to resume her duties as teacher.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion,* thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try Cardui. If it helps, you'll be glad you did.

CARRIER PLANES TAKE BIG TOLL OF JAPS

Allied offensives flared on two more fronts Friday.

In the Pacific the second attack by American carrier based planes and by naval units were carried out on Formosa. It was announced by Admiral Chester W. Nimitz that 221 Japanese planes were destroyed, 16 ships sunk and 19 damaged. We lost 22 planes and no ships.

The Red army crossed into East Prussia on three fronts in a full scale offensive.

It was said at noon that 85 per cent of the city of Aachen is now in ruins as a result of the Allied attacks. Heavy air support was being given. The Germans were rushing up fresh armored troops and it appeared a new full scale battle would be staged for the city. The Nazi were trying to make a Stalingrad out of Aachen. Fighting was going on in the streets.

The Hungarian cabinet was to meet Friday night to decide whether to make peace with the Allies and to ask for an Armistice.

Film Musical to Open at Cameron Theatre Saturday

Proclaimed as a five-filled jamboree Universal's "Always a Bridesmaid" comes Saturday to the Cameron Theatre. Starring the sensational Andrews Sisters, the new comedy musical takes its fun and rhythm from a combination of novel happenings which boggle-woogieize a Lonely Hearts Club.

Supporting the famous sisters is a cast of talented performers, including Patric Knowles, Grace McDonald, Charles Butterworth, Billy Gilbert and Ann Rooney. The picture also presents those extraordinary juvenile favorites, The Jivin' Jacks and Jills.

Comedians Butterworth and Gilbert complicate the tangle with unexpected antics while a surprising story twist unites the Jivin' Jacks and Jills with the Andrews Sisters for a rousing musical final.

The Sisters present five songs, namely, "Ride On," "Thanks for the Buggy Ride," and "As Long As I Have You." "Mr. Five By Five" is delivered by the Jivin' Jacks and

Jills. Knowles and Miss McDonald are seen in romantic portrayals and, through mistaken identities, provide several action sequences said to be strictly hilarious. Appearing respectively as an assistant district attorney and as a secret operation of the police department, the two players cross wires in a swindle investigation which involves the Lonely Hearts

That's a good description of your railroad

NO MATTER HOW SMALL or how large your community—its growth, development, and well being has been, and will continue to be, closely associated with the ribbons of steel which form a fast, dependable communication system with the rest of the country.

SOUTHERN PACIFIC is justifiably proud of the transportation service it has rendered to the territory it serves directly, as well as the important part it has played in the nation's system of railroads in meeting demands of the war emergency. We are confident that all reasonable needs for improved service will be met adequately when victory is won.

WE PAY TRIBUTE to the communities along our lines—they are furnishing many men and women for the armed services—food and supplies so essential, both "across" and at home. We are fortunate in being privileged to serve those sections of the country most productive of everything essential NOW and in peacetime—New Orleans to the far Pacific Northwest—lower Rio Grande Valley to North Texas.

Better Days Ahead

As Americans, all, we look ahead to better days.

How to speed our own security in the world of tomorrow is now the major concern of all thinking people.

Certainly we know that certain fundamentals like saving and budgeting are necessary. Let us suggest that in this time of "easy money" you act wisely and aside from your obligations to the government, save something for the days ahead and we hope they are better days.

We will do all we can to help make them better days.

Grandma Knew Just What To Do... AND HOW TO DO WITHOUT

Scraps, nails and string... paper, fats and fuel... anything and everything that could serve another time or another purpose was saved by our ancestors as a matter of dire necessity. The frugality of America's rugged pioneers helped to win battle after battle in our nation's history.

Today, our country asks us to practice that same frugality to help win the war, to save our way of life and to protect

our freedom of opportunity for every American family.

Peace and the change-over from war-stimulated activity will pose many problems to challenge the ingenuity of every one of us. Fortune will favor the family that has learned to save and has bolstered its future by the purchase of War Bonds. It's so much sounder to save than to wait to be saved.

KILLEEN KANGAROOS EASY WIN OVER BELTON

Killen's rugged Kangaroos sparked by the running of Baker and Locklear, smothered the Belton Tigers 28 to 7 on the Tiger home field Friday night.

The Kangaroos led off early with two tallies in the first quarter but were kept busy in the second period stopping the wild Tigers that scored once and constantly threatened. After half-time, it was all Killen.

Baker spearheaded a drive that went from midfield all the way to the goal. Baker carried over from the nine. Gayle Toliver booted a perfect, high conversion.

Immediately after the kickoff, Killen recovered a fumble in the Belton 25. In five plays, Baker toted across for the second tally and again Toliver booted a perfect point-after.

Belton scored on a couple of long passes in the second canto. The first came from the arm of Pete Fielding down deep in Belton territory up to midfield where interference with the receiver gave Belton a completion. Directly following, another long Fielding pass was caught by both a Tiger and a Kangaroo simultaneously. The decision went to Belton on the Killen 12. Running plays again failed the Tigers so another pass, Fielding to Walker, scored the touchdown.

Just before the half, a Belton pass intercepted by Toliver set up another threatening drive. Baker, on three

sweeps, went from midfield to the 15 as the half ended, Belton 7, Killen 14.

The second half opened with Baker leading another drive that netted a score with Locklear carrying over and Toliver kicking the point-after.

Baker ran on almost every down, grabbing off huge hunks of yardage with every try. From the 12, he took it over in three tries for the fourth score in the final period. Toliver again booted the conversion, squarely between the uprights.

First downs favored the Kangaroos heavily, 21 to five.

Standouts for the Killen eleven were Baker, Locklear, and Toliver in the backfield with the co-operation of the entire line. Belton's best were Fielding and Jeffers, although neither could manage to get going.

Aged Grandmother of Men in Service Loses Purse and Money Today

Mrs. C. M. Mullinax, grandmother of a number of men in the armed services now fighting overseas, had the misfortune early this afternoon of losing her purse containing three \$10 notes; two \$5 notes; four \$1 notes and some silver change.

Mrs. Mullinax went to the postoffice to buy air mail stamps to use in writing her grand sons overseas. She took out her purse to pay for the stamps and was busy at the counter in the lobby. She lost her purse but did not miss it until she went across the street and ordered some groceries. When she sought to pay the clerk she had no money.

Mrs. Mullinax came to the Herald and asked that an ad be placed for her purse. The finder please leave it at the postoffice or bring it to The Herald. Mr. and Mrs. Mullinax live two miles north of Cameron. They receive old age pensions and cannot afford the loss of this purse.

LONE STAR GAS COMPANY

COMMAND POST FOR
158,000 horsepower

CONTROL ROOM AT TRINIDAD

IN THE CONTROL ROOM at the Texas Power & Light Company's great Trinidad Generating Station, alert and experienced workers constantly on the job direct the flow of 158,000 horsepower to serve the needs of home, business and industry throughout a wide area of central, north and east Texas. You never see these workers, but their work is evident in the accurate operation of your electric clock . . . the cheerful lighting of your home . . . the labor-saving performance of your electric appliances.

Theirs is a constant vigil to assure you that the power produced at Trinidad will be supplied in exact accordance with every demand . . . whether it be for the needs of a tremendous war industry or for heating the baby's milk.

This is just one example of the human side of rendering electric service to a busy and important area of Texas. Other workers perform similar tasks at the Company's other power plants. Still others must operate the switching stations and sub-stations . . . must patrol and maintain the thousands of miles of transmission and distribution lines. They are all working in your behalf . . . producing and delivering your dependable, low-cost TP&L electric service.

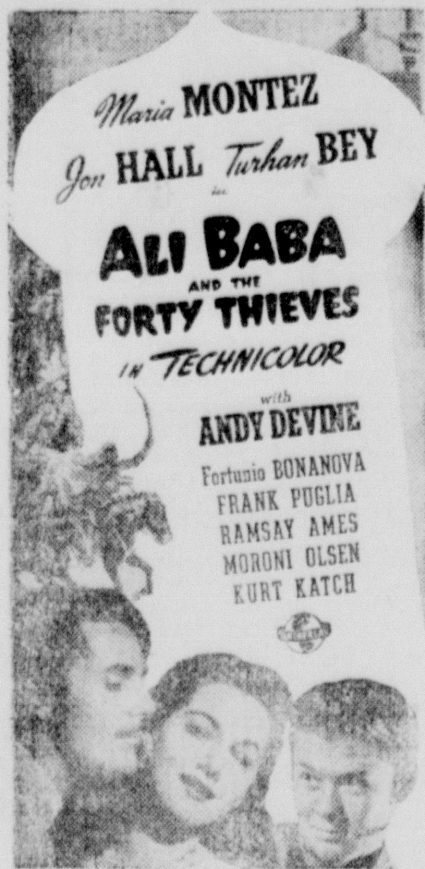

Listen! . . . THE ELECTRIC HOUR Every Wednesday Evening at 9:30 o'clock . . . over KRLL . . . KTBC . . . KTRH . . . KTTA or KWHK

FRANK SCOFFIELD IS ROTARY CLUB SPEAKER

Frank Schofield, Collector of Internal Revenue for the Southern District of Texas, was guest speaker at the Rotary Club on Wednesday.

Mr. Schofield discussed a post war world and called upon the Rotarians and their guests to assume responsibility to fashion a world of tomorrow in which future generations can live in peace and in security.

Guests included a large number of Cameron business men. Mr. Schofield was introduced by J. R. Hays, president of the club. A native Texan the Collector, was born in Hill county and has been identified with stock raising in the state since early manhood and was the youngest man ever to serve as President of the Hereford Breeders Association of the United States.

Mr. Schofield told the Rotarians that the people of the nation owe a great debt to the men now fighting on the global war fronts and when they return they must find a better America than they left.

Walter Wallace is visiting relatives and friends in Cameron.

E. W. Pratt of Hanover was in Cameron this week.

Bert Nicholson is ill in the Newton Memorial Hospital, but is reported to be doing nicely.

Ten From 2 Families Here Have Seen Duty In This War

Pvt. Jack M. Bussa has left his base at Spokane, Washington, for the South Pacific theatre of war. Mrs. Bussa, the former Miss Hartley of Liberty, has returned home.

Pvt. Bussa is with the Army Engineers and has been stationed at Geiger Field. He trained at Kerns, Utah, Camp Lee, Virginia and spent three months at Mitchell Field in New York. He entered service in July of 1943.

Pvt. Bussa has five nephews now overseas at the fighting fronts. Mrs. Bussa has two brothers in England, James Wilson Hartley and George Hartley. Two others of the Hartley brothers were in service but have since been discharged, making a total of 10 from two families in service, something like a record average.

Naval Recruiting Officer in Cameron

H. H. Powell, Naval Recruiting Officer, is in Cameron and will be here through Wednesday morning to contact young men who are past 17 years of age who are interested in enlisting.

Mr. Powell said that enlistments are being taken at the old Federal building in Austin.

Mrs. Alfred Price is in the Newton Memorial Hospital for treatment.

U. S. SUBS SINK 32 MORE JAP WAR SHIPS

United States submarines in the Pacific have sunk 32 more Jap ships, seven of them warships, it was revealed Wednesday in a statement from the Navy Department in Washington.

The grand total of Japanese ships sunk since the war began is now 956. There was no news from the Pacific battle around Formosa. It is presumed that the Japs, fleeing the American navy have sought the protection of home bases.

General Patton's Third army had made a new significant gain and is now within 4 miles of Metz.

The Second Army under command of General Dempsey, the Britisher, was within 8 miles of the German border. The Fifth and Eighth Armies were gaining in Italy.

On the whole the war picture was static. Big events are in the making. The Germans announced that the Red Army has crossed the border of East Prussia.

Nancy Sue Dorner has left the Newton Memorial Hospital where she has been receiving treatment.

Mrs. George Beckhussen has returned to her home in Milano from the Newton Memorial Hospital much improved.

Senator Kyle Vick Is Guest of Lions

Senator Kyle Vick of Waco was a guest of the Lions Club Tuesday where Bascom Giles, Land Commissioner, was the principal speaker.

Senator Vick brought good news to the county. He said that indications are work on the new bridge over Little River can be started by spring.

Scarcity of materials has caused the delay.

It was through Senator Vick's efforts that the appropriation was made for the bridge.

Miss Doris Laake and Mrs. Starr of Houston and Miss Mosel West of McCloskey Hospital visited in the home of Mr. and Mrs. Paul Laake of Cameron.

SAMPLE ~~OFFICIAL~~ BALLOT

FOR THE ISSUANCE OF BONDS AND THE LEVYING
OF A TAX IN PAYMENT THEREOF.

~~AGAINST THE ISSUANCE OF BONDS AND THE LEVYING
OF A TAX IN PAYMENT THEREOF.~~

A Vote For Progress

We, the following named citizens and taxpayers of Cameron are FOR the issuance of bonds for the purpose of purchasing and improving a Municipal Airport for the city.

We feel that the land should be acquired NOW while suitable land is available, and we believe the land chosen by the Chamber of Commerce is ample, is ideally located, and is wholly suitable.

We think that a town without an airport in the pre-war years will be like a business office without a telephone.

We think that some revenue will accrue

to the City from the operation of a Municipal Airport, but we also think that it should be considered as a necessary improvement such as streets or bridges, and not as self-liquidating investment.

From the wording of the ballot, one might think that taxes might be levied for the retirement of these bonds, but we understand that this is a technicality required by law, and although part of the tax now levied will be set aside for their payment, we have the word of our City Government that NO ADDITIONAL TAXES WILL BE LEVIED OR ASSESSED FOR THE RETIREMENT OF THESE BONDS.
